## Reflections from our Rector

Dear Members and Friends of St. Ambrose Episcopal Church,

Aloha! I would like to share some reflections I have about community and how important it is in our collective lives.

Last month I had the opportunity to attend two graduations. First, Karen and I went to Marquette University for the college graduation of our nephew Andrew Swanson. Next, I went with Warren Wong to the Church Divinity School of the Pacific, Berkeley for Daniel Tate's seminary graduation. In both instances the celebrations of passing this landmark moment in their lives was joyful. But in both instances, by the next day, the community which had developed over the years of shared experience began to change. Andrew had started packing his things to return to Minnesota, not just for the summer, but for his new job. Daniel told me that many of the students at the seminary also had moved out. The energy which was so focused on studying in one place began to move outward and elsewhere.

I find it instructive to reflect on schools because they have an orderly process of people being welcomed as new students and sent out as graduates. Schools have to be good at creating community, to have a common purpose and identity. Schools do not have the illusion that the community they create will last for more than the school year. Each year, they have to recreate a sense of community built upon the past.

While at Marquette University, Karen and I were privileged to listen to commencement speaker David Brooks, columnist for the New York Times. In his address, he spoke about four big commitments which will make a difference in the lives of the graduating students. These were commitments to a spouse and a family; to a vocation; to a community; and, to a religion or philosophy. He defined commitment as "a promise made out of love without expecting anything in return."

Our families are based on the commitment and promise to love the members of the family. And because of this love, the individual members of the family can find support, affection and courage to be vulnerable with one another. When this happens in a family, there is a resilience and intimacy to tackle the challenges and celebrate the joys of life.

## Reflections from our Rector (continued)

The same is true of congregations. Congregations are based on the commitment to our faith in a loving God as revealed through Jesus Christ. The community of the church is a gift to us all. We Christians are called to be united in our faith so that the young and the old, the newcomer and the long-time member can all find the support, affection and courage to be God's person in the world. But unlike schools that have an orderly process of welcoming and sending through the school year, congregations have a different rhythm. People come and go based on life events. Some are part of a congregation for years, and some join a congregation only for a short time, before life calls them elsewhere.

This month we will give thanks for the life and love of Betty Dial on Saturday, June 22 from 2:00 p.m. with a Memorial Eucharist. She was a long-time member, past Senior Warden and Vestry member, school teacher and faithful friend. We will also say farewell and Godspeed to the Albertson family on June 23 at the 10:00 a.m. Holy Eucharist. They will be moving to Long Beach to be near Sarah's parents. Sam, Sarah, Henry and Felix have been with us for only a short-time, but they have quickly gotten involved and shared themselves with us.

So I give thanks for each of you as you commit yourself to being God's person in the world and an active member of St. Ambrose Episcopal Church. It is because of your commitment to live the faith in love that we as a congregation can offer one another and our neighbors our ministry of the Gospel of Jesus Christ.

Yours,

David Y. Ota, Rector

### **End of the Year Play in the Park Event**

The Children and Family Ministry participants are headed to Golden Gate Park in San Francisco to celebrate the end of the school year and the beginning of summer on **Sunday, June 23** after the worship service. Those interested in carpooling will meet in the foyer of the church at 11:15 a.m. After driving to San Francisco, we will meet at the Children's Playground and the Carousel on the eastern edge of the park, where we will enjoy these features before sharing lunch. After lunch, we will wander over to the exquisite Japanese Tea Garden, about three quarters of a mile away. There, we will stop for a light dessert and it will be up to families to decide what to see and do next. Among the options are visiting the arboretum, listening to music, taking in the Academy of Sciences, or navigating a paddleboat around Stow Lake. Some of the options are free, and others have an admission fee. On Sundays, the roads within Golden Gate Park are closed to cars, and open to bicycles and roller skaters. For this reason, it will be necessary for us all to park our cars outside the park and walk or take the bus in. More information will follow soon. For suggestions, further ideas, or questions, please contact Rev. Karen at 650-200-8449. **For now, save the date!**

## **Sea Breeze School News – by Jerelyn Weber, Principal**

The end of the School year has arrived and with it there are many things for all of us to do.

The children and the teachers have been busy preparing for their Step-Up programs and those of us working the summer have been busy preparing for STEAM Summer Camp and the upcoming School year.

In the midst of our preparations, we held a very successful “Math Night” on May 13. The night was presented by April Cherrington with the support of several Church members, friends and Sea Breeze teachers. We had a guest appearance by the magical “Great Henrini”. He performed for and entertained the children and families with his amazing math tricks. Henrini was a hit! Thank you for being a part of the evening. I am very happy to say that we had 62 children from the school attend, and we received wonderful feedback. I look forward to additional events where the Church and School can collaborate to make great things happen.

The end of the year always brings so many emotions for all of us. As educators, we take great pride in the growth of the children. While it is gratifying to see the difference that the hard work of the teachers and the children has paid off, it is very sad to have to bid farewell to so many as they move on to the “Big School”. It is always fun when they come to visit us and even more fun when our Alumni enroll their own children in the program! Yes, it does happen.

Summer is a time of change for not only the children, but for staff as well. This year, we are saying goodbye to Mr. Matthew Tate. Matt has been at Sea Breeze for six years and has taught in all of our classrooms. Most recently, he taught in our TK program with Mrs. Sheldon, and his presence will be missed. Matt is moving into a new career path and we wish him only the best. Whatever he does, I am confident will be successful. During the school year, we also saw two of our teachers get married. Cecilia Jimenez was married in February and she is now Mrs. Casey McElroy and Ida Liu was married over the Memorial Day weekend and she is now Mrs. Steven Liu. Congratulations to these ladies and their husbands. Cheers to many happy years together!

We have expanded our STEAM Summer Camp and are excited to have opened up additional spaces in our program. If you, or anyone you know, are looking for a safe and exciting place for your children this summer, please contact our office. We have new openings in all of our programs. For more information on the camp you can also visit our website at [Seabreezeschool.com](http://Seabreezeschool.com). Our summer program is for potty trained children that are as young as two years and nine months old, and those entering the second-grade next school year. We will have visitors joining us and several age appropriate, exciting activities each week for the children.

**Thank you for your support throughout another successful school year. I hope you have a fun and safe summer.**

Continued Blessings,  
Jerelyn Weber, Principal

## The Editor's Corner—by Yvonne Sidell

*“How great is the love the Father has lavished on us, that we should be called children of God! And that is what we are!” 1 John 3:1*

I love Max Lucado’s children’s book, *You Are Special\**. It is the story of a community of Wemmicks (wooden people) who spend their days giving each other star stickers and dot stickers. Wemmicks give a star if another does something good. And they give a dot when another Wemmick does something bad.

One Wemmick, Puchinello, is covered in dots. He has so many “bad marks” he hardly wants to go outside anymore because he is afraid to get more dots. Then he hears about Eli, the woodcarver, who made all the Wemmicks. Puchinello visits Eli and learns he is loved. He learns that Eli doesn’t make any mistakes. All Puchinello needs to do is believe in Eli’s love and to care more for what Eli thinks and less for what the Wemmicks think and no star or dot will stick to him. In fact, as Puchinello leaves Eli’s house, he starts to believe and a dot falls to the ground.

The marks of the world are hard to ignore. Who doesn’t enjoy being praised and affirmed? It feels good to hear those things and it should! But of course, comments people make can hurt as much as they make us soar. How wonderful would it be to live in a place where negative comments didn’t matter?

An amazing God has created us! He loved us so much that He sent His Son to die for us so we can have eternal life with Him. Just like the woodworker Eli, God doesn’t make mistakes. He made you and me with purpose and beauty. He wants us to look to Him for our self-worth and not look to others. Sure it will still feel good when someone throws a star our way and sure it will still hurt if we are given a dot. However, with Christ we can take this all into perspective and choose to believe only what God sees...a beloved child.
